RAVO Achieves EcoVadis Gold Medal for Sustainability Performance

Alkmaar, The Netherlands – 14 April 2026

RAVO is proud to announce that it has been awarded the **EcoVadis Gold Medal**, marking a significant milestone in the company's ongoing commitment to environmental, social and governance (ESG) excellence. This achievement represents an improvement from RAVO's previous Silver status and places the company among the **top 5% of companies assessed globally by EcoVadis**.

As a leading manufacturer of advanced road sweeping solutions and a proud member of the **FAYAT Group**, RAVO continues to strengthen its sustainability performance across all areas of its business. The EcoVadis Gold rating reflects RAVO's sustained efforts and concrete progress in environmental stewardship, responsible labor practices, ethical business conduct and sustainable procurement.

Based in **Alkmaar, the Netherlands**, RAVO has been at the forefront of innovation in pure vacuum road sweeping technology for more than **60 years**. The company aims to improve daily life by helping create cleaner, safer public spaces where people feel good about where they live, work and play.

RAVO's vision is to be the industry's preferred partner for **sustainable cleaning and sweeping solutions**. To achieve this, the company remains firmly committed to making a positive impact on global communities. As a pioneer in **electric sweeping technology**, RAVO has been supporting customers worldwide in transitioning away from emission-intensive solutions for many years, helping cities meet increasingly ambitious sustainability goals.
